This document is a template for abstracts and gives the guidelines to prepare them for the workshop VORTEX2017 to be held at the International Institute fo Physics in the state of Rio Grande do Norte, city of Natal, Brazil, on the 28^{th} May - 3^{rd} June 2017. Accepted abstracts from registered participants will be directly inserted in the abstract book.

The maximum length of the abstract is one page, including tables, figures and references. The abstract should be in A4 format, typeset in 12pt Roman font or the default LaTeXfont. Margins of 25 mm must be left blank around the text. The text area, including title, references, graphics etc., is 160 mm by 247 mm. When preparing the abstract in LaTeX, use the standard *article* class with the size definitions as in the template.

Please follow the template for the structure of the abstracts, formatting its elements including capitalising the title, spacing between the elements, etc. Use superscripts for relating authors to multiple affiliations.

Fig. 1 may be included in the abstract, with the resulting total file size not to exceed 2 MB. Format references [1, 2] as shown below.
